MONROE COUNTY STOP-DWI Program

2010 OVERVIEW

Since 1982, the Monroe County STOP-DWI Program has served to educate the community regarding the dangers of impaired driving and provide funding to groups and organizations engaged in activities related to alcohol and other drug-related traffic safety. STOP-DWI is supported 100% by local fines collected from intoxicated drivers.

Monroe County STOP-DWI offers:

- Free anti-DWI programs including speakers and videos
- High school mini-grants to assist with alcohol and drug-free prom-time events
- An annual high school STOP-DWI poster contest
- Handouts and printed material
- DWI displays

Monroe County STOP-DWI supports the efforts of:

- Rochester Against Intoxicated Driving (RAID)
- Mothers Against Drunk Driving (MADD)
- Students Against Destructive Decisions (SADD)
- Finger Lakes Collegiate Task Force
- Monroe County / City of Rochester Coalition for Crime Victims
- Monroe County Office of Traffic Safety
- Parents Who Host
- The Seven Town Alliance
- Western New York Coalition for Crime Victims

Monroe County STOP-DWI provides funding to:

- Monroe County law enforcement agencies
- Monroe County Office of Probation and Community Corrections
- Monroe County District Attorney's Office
- Pre-Trial Services Felony DWI Diversion Program and Day Reporting Center

This 2010 report summarizes information regarding the daily workings of the STOP-DWI Program and centralizes vital statistical data relating to the state of DWI in Monroe County.

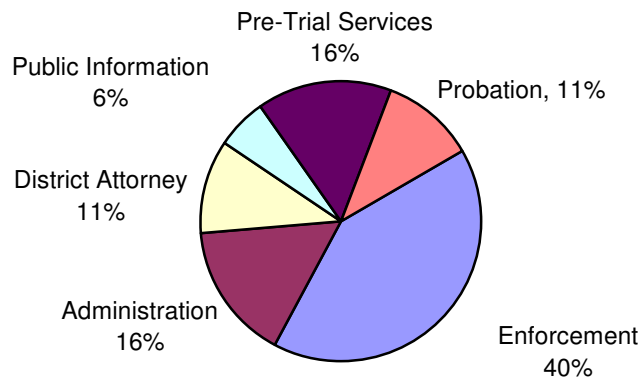

Please call the STOP-DWI Office at (585) 753-3011 if you would like additional information.

STOP-DWI 2010 EXPENSES

STOP-DWI

2010 PUBLIC INFORMATION AND EDUCATION

Displays: All STOP-DWI displays are comprehensive traffic safety displays held in conjunction with the Monroe County Office of Traffic Safety. During 2010, displays were exhibited at area schools, shopping malls, industries, fairs, and town halls where anti-DWI literature and novelties were distributed.

Exhibits: The “One Second, Everything Changes” exhibit was unveiled on November 18, 2008, and was displayed at Rush-Henrietta High School reaching hundreds of high schools students.

STOP-DWI Education Programs: During 2010, 84 programs were presented to 2,997 people with over a 90% satisfaction rating. Thank you to all of the DWI victims/survivors who volunteered their time to these programs.

High School Mini-Grants: During the spring of 2010, a total of \$5,250 was distributed among 21 high schools for their alcohol-free and other drug-free prom-time events.

High School Poster Contest: The Monroe County STOP-DWI Program sponsored its annual STOP-DWI High School Poster Contest which generated 62 entries from six schools county-wide. Individual prizes for the two categories (graphic arts and non-graphic arts students) included \$250 for first place, \$100 for second place, and \$50 for third place. The first place graphic and non-graphic arts posters became billboards, which were displayed in Rochester late December 2010. The award ceremony was held on May 21, 2010 at the County Office Building with County Executive Maggie Brooks presenting the awards.

STOP-DWI Law Enforcement Luncheon: The luncheon was co-sponsored by the Traffic Safety Board which was held at Rick’s Prime Rib House on March 3, 2010. Four departments received awards for their efforts in the DWI arena: NYS Troopers, Ogden Police Department, East Rochester, and Fairport Police Departments. Individually, 35 officers were chosen by their departments to receive awards for their outstanding efforts to combat the problem of DWI.

Victim Impact Panel Appreciation Dinner: Approximately, 58 people attended the STOP-DWI hosted dinner at Rick’s Prime Rib House on December 2, 2010. All the DWI Victim Impact Panel and community education program volunteers were invited. The gratitude offered to volunteers for their support and willingness to share their personal experiences is grossly understated and cannot be expressed to a satisfactory level.

“Lights on for Life” Motorcade: The annual motorcade was held December 11, 2010 with over 30 vehicles participating. Rochester Against Intoxicated Driving (RAID) co-sponsored the event and donated refreshments.

Media: The STOP-DWI Program participated in a variety of media coverage during 2010 such as the Law Enforcement Luncheon, Victim’s Rights Week March, Safe and Sober Press Conference, High School Poster Contest, Crackdown Weekends Press Conference, and the “One Second, Everything Changes” Exhibit. This program appreciates the support the media has given in delivering our important message to drive safe and sober.

DWI VICTIM IMPACT PANEL

The Monroe County DWI Victim Impact Panel (VIP) consists of three or four DWI victims who address an audience of DWI offenders about the drunk-driving crashes in which they experienced injury or a loved one was killed. A law enforcement officer may also serve as a panelist alongside the victims. The goal of the Panel is to deliver a message to change the behavior of the drinking driver; therefore, to save lives. This does not replace conventional sentencing, but supplements it. The VIP is self-sufficient through fees collected. In 2010, the \$39,201 collected in fees was allocated to expenses related to the Victim Advocate, Victim Honorarium, Probation, and other expenses.

The first DWI Victim Impact Panel was held in Monroe County in January 1992. The Panel is offered as a sentencing tool for all DWAI and DWI offenders.

VICTIM IMPACT PANEL ATTENDEES

2010 MONROE COUNTY DWI VICTIM IMPACT PANEL SCHEDULE

All panels were held at Monroe Community College at 7:00 p.m.

Wednesday, January 20
Monday, March 1
Monday, April 19
Wednesday, May 26
Wednesday, July 7
Monday, August 16
Tuesday, September 28
Monday, November 22

VIP GUIDELINES

- Check-in began 45 minutes prior to the start of the panel session.
- A breath test was administered upon arrival. No one under the influence of alcohol or other drugs was allowed to attend the program.
- There was no admittance after panel session had begun.
- Children under age 12 were not permitted.
- Each panel lasted approximately 90 minutes.

DWI VICTIM ADVOCACY PROGRAM

The EAP of Rochester, a service of Catholic Family Center (CFC), has been providing EAP services since 1983. EAP of Rochester has partnered with Monroe County STOP-DWI Victim Advocacy Services since November 2009. This program is designed to:

- Provide support and counseling service to DWI victims and their families
- Provide outreach to DWI victims and survivors and inform them of resources available in the community
- Coordinate speakers for the Victim Impact Panels
- Provide on-site counseling support to victims who speak at the Victim Impact Panels
- Coordinate outreach and education to area high schools

In 2010 EAP of Rochester's four representatives attended seven Victim Impact Panels, providing debriefing to 30 victims of DWI. We delivered 45 education/prevention programs to 910 students at Monroe County area high schools. EAP of Rochester also provided activity coordination and participated in meetings and outreach to the community. EAP of Rochester also spent 58 hours in administration, program design and planning, curriculum development, meeting with county coordinator, and outreach to community agencies. The total number of hours in 2010 was cumulative persons served - 940, cumulative person hours - 159, and total educational programs - 45.

LAW ENFORCEMENT

Monroe County DWI/DWAI arrests totaled 3,018 in 2010, which is a 6% increase from the 2,836 arrests made in 2009.

Monroe County Law Enforcement Agencies received a sum of \$441,544 from the STOP-DWI program in 2010 for use in their DWI enforcement efforts.

According to New York State Law, an individual is Driving While Ability Impaired (DWAI) if his/her blood alcohol concentration (BAC) is between .05% and .07%. He/she is considered Driving While Intoxicated (DWI) if their BAC is .08% or higher. He/she is considered Driving While Ability Impaired by Drugs (DWAI-D) if the driver is impaired by drugs.

MONROE COUNTY DWI ARRESTS 2000-2010

OFFICE OF PROBATION AND COMMUNITY CORRECTIONS

The Monroe County Office of Probation and Community Corrections received \$121,151 from STOP-DWI in 2010. These funds supported the services of the DWI Felony Unit. During 2010 this unit supervised 1,066 offenders.

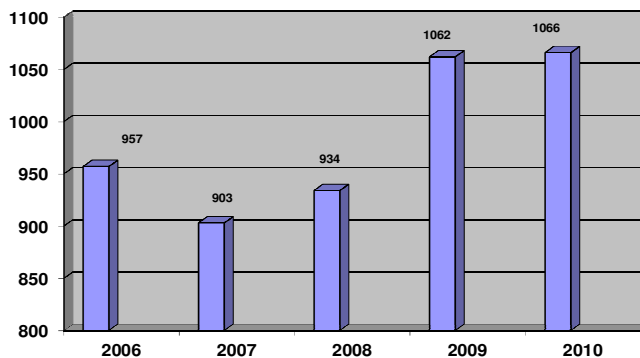

The DWI Felony Unit is comprised of six Probation Officers and one Senior Probation Officer. The unit supervises probationers identified as the most high-risk DWI Felony offenders. Probation Officers assigned to this team maintain specialized caseloads in order to provide enhanced supervision. This includes surveillance, bar check details, unscheduled field visits, close monitoring of treatment progress, more frequent contact with probationers and family members, and increased Alco-sensor testing and urine screening.

Overall, the Office of Probation supervised a total of 2,269 DWI offenders during 2010 which included 1,203 misdemeanor DWI offenders. Currently this office oversees 153 offenders that are using Ignition Interlock devices. Violations of Probation were filed on 300 offenders who failed to comply with Probation. Sanctions included prison, jail, jail weekends, jail work weekends, electronic monitoring, community service, and judgments ordered for unpaid fines and surcharges.

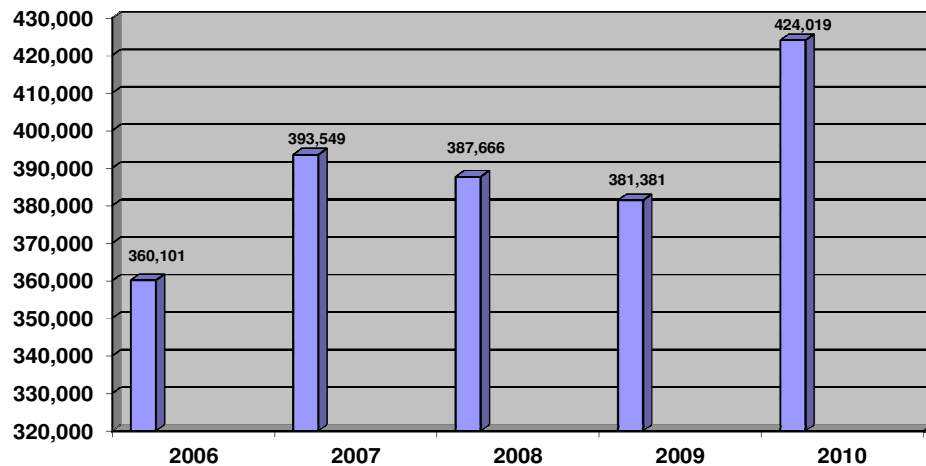

Further, this Office supervised four Vehicular Assault 2nd offenders, five Vehicular Assault 1st offenders, three Vehicular Manslaughter 2nd offenders, and over 200 Aggravated Unlicensed Operator offenders.

In 2010 the Office of Probation collected a total of \$424,019.83 in DWI fines.

Offenders Supervised by Felony DWI Unit

Fines Collected in Thousands of Dollars

Surveillance

Probation Officers frequently conduct surveillance on DWI offenders to ensure compliance with the conditions of probation. DWI Surveillance details are assembled to target offenders deemed at risk for repeated offenses. In 2010, 3 DWI Surveillance Details comprised of 54 Probation Officers conducted surveillance on 166 offenders.

The details were conducted with the goal of enforcing conditions of probation prohibiting unlicensed operation of a motor vehicle and the consumption of alcohol. During office visits, Probation Officers conduct walking surveillances of probationers to see if they have driven to the building. Probationers are monitored at their homes, jobs, and other locations in the community during the day and night, weekdays, and weekends.

Random Alco-sensor tests are routinely conducted during office and home visits on all probationers but especially those deemed to be a risk for potential alcohol abuse. Alco-sensor tests enable officers to confirm the absence or presence of alcohol and, if appropriate, to quickly intervene through either a Violation of Probation and/or suitable treatment alternatives. Urine-screen tests are also conducted in the office to detect the use of marijuana, cocaine, amphetamines, and morphine-based drugs. Early detection and expedient intervention further protects the community and enhances public safety. In 2010 Probation Officers conducted Alco-sensor testing for two STOP-DWI Check Point Details resulting in several arrests for DWI.

The Office of Probation and Community Corrections is committed to continuing surveillance of high-risk probationers convicted of DWI offenses. The Office remains highly motivated to pursue the mission of ensuring public safety through vigorous supervision of sentenced offenders, particularly those sentenced to probation for DWI offenses.

DISTRICT ATTORNEY'S OFFICE

The Monroe County District Attorney's Office was provided with \$121,151 in 2010 by STOP-DWI for the prosecution services of DWI Assistant District Attorneys.

*Source: Monroe County District Attorney's Office. This figure includes AUO 1st cases in which the defendant may not have also been charged with a DWI offense.

Felony Case Activity for 2010 was categorized by the District Attorney's Office as follows:

- 877 Felony Arrests
- 103 Felony cases accepted by Pre-Trial Diversion Program
- 774 Cases kept for felony review (includes 22 defendants that failed, declined to participate, failed to complete or later withdrew voluntarily from the Pre-Trial Diversion Program)
- 312 Misdemeanor Dispositions: Includes plea offers made on felony cases after successful participation Pre-Trial Diversion Program, as well as misdemeanors due to no prior felony conviction
- 112 Pre-Trial Favorable Termination: Number of defendants successfully completing the Pre-Trial-Diversion Program during the year

PRE-TRIAL SERVICES CORPORATION

PRE-TRIAL FELONY DWI DIVERSION

Felony DWI Diversion is a deferred prosecution program whereby all criminal proceedings are delayed while the client engages in a planned treatment program. The client is monitored in the treatment program over a six- to eight-month period. Participation is voluntary and clients must agree to immediately surrender their driver's license upon entering the program and pay a program fee, if financially able. Clients are screened through the District Attorney's DWI Bureau before referral to the Diversion program.

Successful completion of Felony DWI Diversion is based on the client's ability to demonstrate significant attitudinal and behavioral change, and results in an offer to plead to a misdemeanor in satisfaction of the felony charge. If the client fails to follow through on the treatment plan and the Diversion contract requirements, the case is returned to court for prosecution. Diversion is offered only once.

Pre-Trial Felony DWI Diversion received \$59,915 in STOP-DWI funds in 2010. One hundred and four cases were seen for intake in 2010. 112 cases or 88% of all terminations were closed successfully in the year.

Pre-Trial Services is committed to providing effective intervention with multiple DWI offenders and will continue to measure the long-term outcomes for the Felony DWI Diversion Program.

WEEKEND DWI SENTENCE PROGRAM AT THE DAY REPORTING CENTER

Structured to provide a sentencing option for those convicted of DWI, the Weekend Sentence program offers an intervention-focused approach. Those sentenced to this program attend structured classes from Friday night through Sunday evening, addressing important issues such as alcohol abuse, personal responsibility and reducing risk-taking behaviors. Judges sentence offenders for a specific number of weekends. Clients are required to pay fees to help support the program. Both attendance and client progress are monitored closely by the staff and reported back to the court.

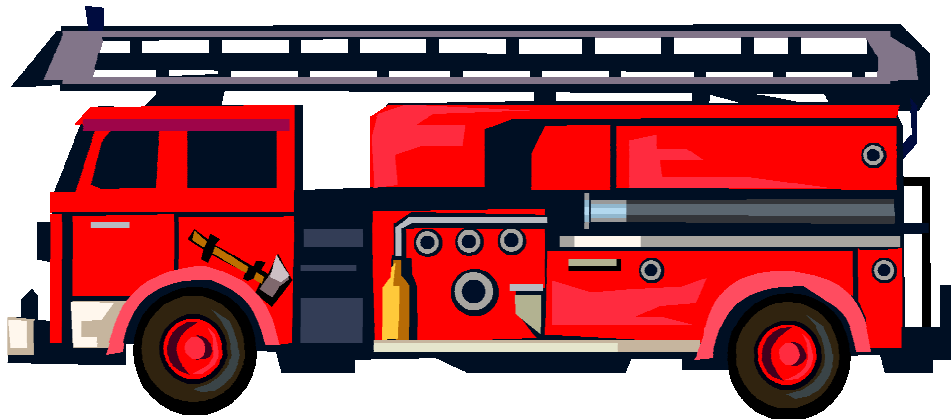

During 2010, 121 clients were sentenced to the program. Of those who completed within the year, 92% did so successfully. The average number of weekends spent in the program was seven.

STOP-DWI funds supplied \$116,305 to support this sentencing option in 2010.
